Industrial Grade Products for the Wine Industry.

Since 1972, Westfall Company, Inc. has supplied a full line of industrial grade equipment. Many of our products are well suited to the winemaking industry. Our HDPE plastic tanks are food grade, heavy wall and are in stock in St. Louis. Our air operated pumps are ideal for moving wine. The fiberglass grating makes a great drying table and work bench. Please see our web page for more!

Food Grade Plastic Tanks at a Illinois Winery

Fiberglass Grating Makes a Perfect Bottle Drying Table
